

Mr. KAWAI Toyohiko, MAFF, Japan

Mr. KAWAI contributed to the compilation of “Strategy for Sustainable Food Systems, MeaDRI” last year, which set many ambitious goals to build a sustainable food system, including the realization of zero CO<sub>2</sub> emissions in the agriculture, forestry and fisheries industries, reducing the use of chemical pesticides and fertilizers and promoting organic farming and so on.

To realize this strategy, he also contributed to the enactment of “Green Food System Act” this year.
