

成田空港 JR線へ

Narita

1. Narita Airport Station is an underground train station located beneath Terminal 1 of Narita International Airport. Airport Terminal 2 Station is also an underground railway station located beneath Terminal. The station serves both Terminal 2 and the nearby Terminal 3.
2. These stations are shared between East Japan Railway (JR) and the private railway operator Keisei Electric Railway. As a matter of convenience for you to avoid several transfers, this information mainly introduces the way of access by JR line.
3. We recommend you to purchase your whole ticket for Nasu-Shiobara at JR East Ticket Service Center where the assistant helps you with getting JR ticket in English.

1 JR East Service Center

Purchase your ticket here

JR EAST Travel Service Center is to assist non-Japanese tourists with all their travel needs. The English-speaking staff provides information about tickets and accommodations for travelers. They provide assistance with JR EAST's extensive transportation network serving the Tokyo area including the Shinkansens (bullet trains) and express trains.

Narita Airport Station (Narita Kūkō eki) is an underground train station located beneath Terminal 1. The station is shared between JR and Keisei Railway. In this information, we recommend to use JR due to less transfer.

This ticket machine counter is for Tokyo by Narita Express and Shinkansen. You may try to use it to get your Shinkansen ticket here as well.
