Train

Narita

To JR Line at Narita Airport

To TX
Tsukuba
Station

1. Narita Airport Station is an underground train station located beneath Terminal 1 of Narita International Airport. Airport Terminal 2 Station is also an underground railway station located beneath Terminal. The station serves both Terminal 2 and the nearby Terminal 3.
2. These stations are shared between East Japan Railway (JR) and the private railway operator Keisei Electric Railway. As a matter of convenience for you to avoid several transfers, this information mainly introduces the way of access by JR line.
3. Rail ticket can be purchased at ticket machine, generally located near the station entrances (B1F in Terminals 1 and 2), or stop by JR East Ticket Service Center where the assistants will help you with getting JR ticket in English.

ターミナル1

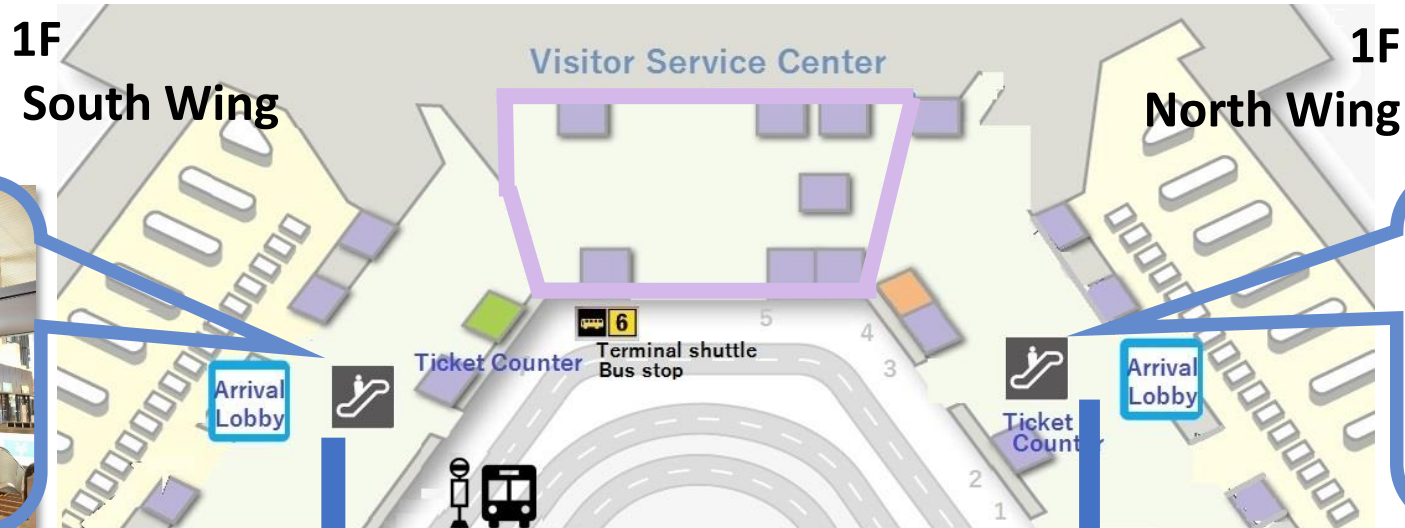

Terminal 1

You will find ATM machines, prepaid SIMs, and cell phone rental shops at Visitor Service Center between North Wing and South Wing.
